

# *For the Love of Handbells!*

with Ellie Hodder and members of Pacific Ringers

## *• Re-energize!*

Wouldn't it feel great to be confident you are about to embark on a fabulous season of handbells?

What if we told you that, even if you are the only handbell musician in your program that you still have a program!!

## *• Learn new ways!*

Come for new ideas to start the year with energy and excellence. Got one? We've got options for you. Got three or four? Can you believe it? There are great options for you with and without keyboard accompaniment? Got 6 or 7 or 8? Did you know that, with some fresh skill you can ring two to three octaves with that fine choir!

## *• Connect!*

Network with fellow handbell director and musicians and share needs and ideas. Fine people who will sub for you, brainstorm with you, share knowledge and expertise with you.
